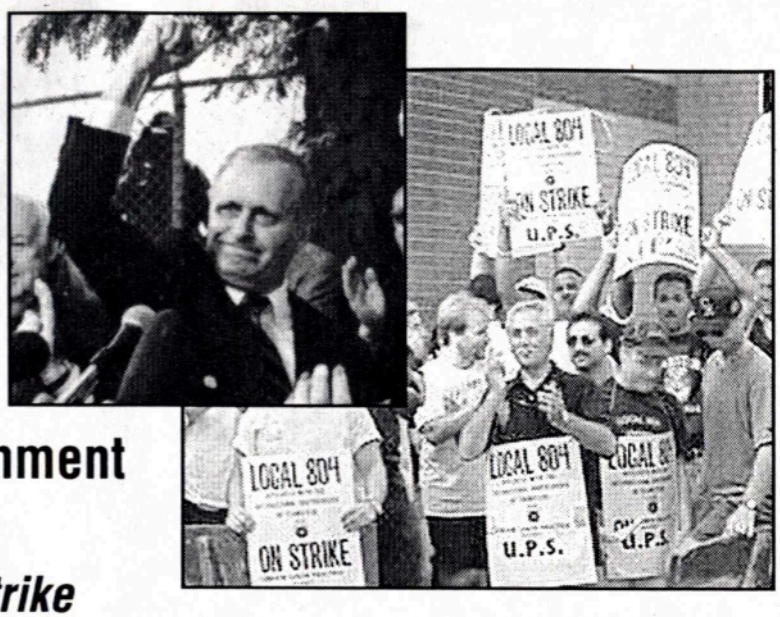
LET CAREY RUN!

Get the government out of the union

"When you reform the Teamsters union and fight corporations, you make a lot of enemies."
—Ron Carey



Why you should oppose the government ban on Carey from running:

It's the bosses' revenge for the UPS strike

- UPS publicly pressured the former election officer to disqualify Carey from running
- UPS bosses illegally distributed anti-Carey press articles to Teamsters
- Anti-labor Congressional Republicans who attacked Carey in hearings—Rep. Bob Barr (R-Ga.) and Joe Scarborough (R-Fla.)—received the maximum $5,000 donation from UPS

It's an outrageous double standard

- Kenneth Conboy, the government's election overseer, claimed only that Carey "knew" about election finance wrongdoing—and offered no real evidence of Carey's involvement
- Jimmy Hoffa, Jr., has $2 million in unaccounted contributions he claims were raised by bingo and cake sales
- President Clinton and House Speaker Gingrich openly violated election finance laws—but they are allowed to stay in office

It's an attack on all our unions

- The government is trying to implicate other labor leaders with Carey because they want to challenge corporate greed
- Today CEO pay is 209 times that of the average worker—and the bosses want our unions weak to keep it that way
- "So the AFL-CIO should by all means enjoy this triumph over UPS. There won't be many more." - *Wall Street Journal,* Aug. 21, 1997 at the end of the UPS strike

Don't let the mob take over this union:

- The government claimed to intervene in the Teamsters to keep out the mob. Now they want to go back to the days when the old guard made deals like the one at UPS, where they cut start pay from $12 to $8
- The anti-Carey hearings in Congress were led by House Republican Pete Hoekstra (R-Mich.), who said "The man labor must elect is Jimmy Hoffa, Jr..."
- Hoffa was business partners with Alan Dorfman, who looted Teamsters pension funds before being killed in a mob hit
- Hoffa's top ally is Frank Wsol, who ordered his Local 710 to scab on the UPS strike
- Hoffa's former running mate, Bill Hogan, tried to form a rival union to the Teamsters

HERE'S WHAT YOU CAN DO TO FIGHT THIS ATTACK:

1) ***Sign the "Let Carey Run" petition***
2) ***Hold meetings to discuss and organize against the ban***
3) ***Send letters to the Justice Department***
